1

Why Explore Space?

The Value of Space	3
Why Go to Space? <i>NASA, 2022</i>	8
Astronomers Detect a Possible Signature of Life on a Distant Planet <i>Carl Zimmer, The New York Times, April 16, 2025</i>	13
Understanding the Psychological Hazards of Spaceflight on the Space Station <i>NASA, 2022</i>	16
Taking Aristotle to the Moon and Beyond <i>G. Ryan Faith, Issues in Science and Technology, Spring 2024</i>	22
Space Exploration Is Not a Luxury, It’s a Necessity <i>Daniel Fillion, The Conversation, April 15, 2024</i>	30
Is It Worth It? The Costs and Benefits of Space Exploration <i>Matthew S. Williams, Interesting Engineering, May 29, 2025</i>	33

2

Earth from Space

The Impact of Space Science	45
Space Station Leads to Breakthroughs in Human Health on Earth <i>NASA, 2022</i>	49
Space Technology Has a Profound Effect on Our Daily Lives, Says This Expert: Here’s How <i>Emma Charlton, World Economic Forum, September 27, 2024</i>	56
Humans Have Big Plans for Mining in Space—But There Are Many Things Holding Us Back <i>Michael Dello-Iacovo and Serkan Saydam, The Conversation, May 15, 2022</i>	59
Microbiology in Microgravity <i>NASA, 2022</i>	63

How Space Law Aims to Regulate “Space Junk” and Protect Earth Addison Dunlap, <i>NYU News</i> , March 31, 2025	70
---	----

3

Private and Commercial Space Exploration

Partnerships and Competition	77
Space Tourism’s Slow Ascent Brinley Hineman, <i>Travel Weekly</i> , June 9, 2025	84
3D-Printed Rocket Engines: The Technology Driving the Private Sector Space Race Oliver Hitchens, <i>The Conversation</i> , September 17, 2021	89
Duffy to Announce Nuclear Reactor on the Moon Sam Skove, <i>Politico</i> , August 4, 2025	92
“Democratizing Space” Is More Than Just Adding New Players— It Comes with Questions around Sustainability and Sovereignty Timiebi Aganaba, Adam Fish, Niiyokamigaabaw Deondre Smiles, and Tony Milligan, <i>The Conversation</i> , July 21, 2025	94
The California Coastal Commission’s Fight with Elon Musk’s SpaceX Is Back On Alex Nieves, <i>Politico</i> , August 5, 2025	98
Americans’ Views of Space: U.S. Role, NASA Priorities, and Impact of Private Companies Brian Kennedy and Alec Tyson, <i>Pew Research Center</i> , July 20, 2023	100
Virgin Galactic’s President Explains How VSS Unity Is Now Flying Frequently Eric Berger, <i>Ars Technica</i> , August 29, 2023	113
It’s Increasingly Unlikely That Humans Will Fly around the Moon Next Year Eric Berger, <i>Ars Technica</i> , October 17, 2024	120

4

Space in Popular Culture

Fantastic Fantasies and Prescient Predictions	125
AI in Space: Exploration, Research, and Innovation James Barney, <i>American Public University</i> , December 31, 2024	130

A Self-Declared Space Nation Called Asgardia Is Planning a Fully Functioning Space Economy and Wants Help from Elon Musk and Jeff Bezos	136
Martin Coulter, <i>Business Insider</i> , November 23, 2019	
Is There a Place for Spirituality in Space Science?	139
Adam Shapiro, <i>Undark</i> , January 27, 2022	
Space Nation Issues Declaration of Independence	142
Clive Simpson, <i>Room: Space Journal of Asgardia</i> , August 16, 2024	
The Uber-Optimistic History and Prolonged Future of Space Tourism: <i>Popular Science</i> Predicted Luxury Space Vacations by 2007	145
Bill Gourgey, <i>Popular Science</i> , November 1, 2024	
"Who Gets to Leave the Earth?"	149
Sam Skove, <i>Politico</i> , April 24, 2025	

5

To Mars and Beyond

Martians and Exoplanets	155
So You Want to Be a Space Farmer...	159
NASA, 2022	
Space Tech: Experts Name 12 Transformative Technologies Reshaping Our Cosmic Future	164
Kaiser Kuo, <i>World Economic Forum</i> , February 13, 2025	
Can the Human Body Endure a Voyage to Mars?	170
Dhruv Khullar, <i>The New Yorker</i> , February 10, 2025	
How a Scientist and Cartoonist Envision Living on the Moon and Mars	184
Ramin Skibba, <i>Wired</i> , November 8, 2023	
Technology Tested in Space Is Preparing Us for the Moon and Mars	188
NASA, 2022	
Bibliography	193
Websites	197
Index	199
