H.W. Wilson Announces the 2024 Edition of *Current Biography Yearbook*

The *Current Biography Yearbook* combines a full year of the monthly magazine, *Current Biography*, into a single, permanent record. It has been delivering up-to-date biographies of men and women of contemporary importance since 1940. Offering ongoing access to the important personalities today, this title includes the day's most talked-about and influential people throughout a wide range of professions.

Current Biography Yearbook begins with a diverse **List of Biographical Sketches** of over 200 prominent men and women, such as: *Paul Mescal*, Actor; *Greta Thunberg*, Activist and politician; *Jordan Stolz*, Speed skater; *Amber Wutich*, Anthropologist; *Haegue Yang*, Artist; and many more

Each profile starts out by introducing the reader to the major accomplishments and achievements that have made these people so significant in 2024. The profiles include information from their childhood/early life, how they became well-known, the different challenges throughout their life, and information about their personal life. Every profile ends with "Suggested Readings" for those looking for more information on the personality.

Following the Biographical Sketches is a **List of Obituaries** from some of the most important and influential people in all of time, such as *Paul Auster*, *Helen Fisher*, *Toby Keith*, *O. J. Simpson*, *Maggie Smith*, and many more. The in-depth obituaries introduce the readers to the many accomplishments that the star created throughout their life that left their mark on the world.

Current Biography Yearbook ends with a **Classification by Profession** making it easy for readers to see similar personalities grouped together. The different professions included are: Comedy, Activism, Film, Health, Government & Politics, Fashion, Food, Business, and much more.

Current Biography strives to find those leaders, artists, educators, innovators, and entrepreneurs who are not only accomplished in their professions, but whose life stories are a celebration of human achievements. The biographies are written in an informative, accurate, and lively style, which makes it an easy read for all.

This title is an invaluable source for researchers, teachers, students, and librarians. *Current Biography Yearbook* draws information from newspaper and magazine articles, books, the Internet, observations of

journalists and associates, and occasionally person interviews or questionnaires completed by the subjects. This resource presents biographical information in a lively style that makes for entertaining as well as informative reading.
