More About the *Core Collection* Series

Collection Development, Readers' Advisory, and Curriculum Support

Not only do the *Core Collection* titles serve as aids in the selection and ordering of titles, but also in curriculum support, collection maintenance, and professional development. They are necessary resources for library and media specialists who want to enhance and enrich their collection with the most important and recommended titles currently available.

In-Depth Indexing

Each title contains indexing by author to make locating titles by author or pseudonym quick and easy, along with highly detailed title, series, and subject indexing.

Unique Value

There is nothing quite like the H.W. Wilson's *Core Collection* books. The accumulated expertise of our selectors and their unquestioned and stellar reputations make these collections invaluable. These experts are recognized universally as impartial in collection development that assist and reinforce the judgment of librarians everywhere. Inclusion in a *Core Collection* title is strong support for any challenged purchase.

Thousands of Recommended Titles for Your Specific Collection

Each title highlights thousands of highly recommended books for each type of collection. Whether you're collecting for a public library, a high school, a middle school, or an elementary school, this series gives you immediate access to the best titles you and your patrons won't want to miss.

★ Starred Entries

Easy-to-locate starred entries throughout the text and in the index highlight important works in a given category or subject area. You will be able to find the best-of-the-best and the most highly recommended titles, making quick work of noting titles that should be added to your collection, or to pull titles for weeding.
